ICAN!

Task Force
Updates

Website Updates

- Since October Newsletter
  - Not much…
  - Fixed links to MDHHS Webinars
- Upcoming
  - One-pagers
  - Work Requirements

Quarterly Meeting Follow-up

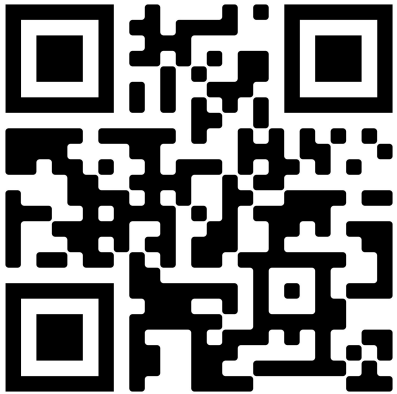
Start What is one thing we should be doing together?	**Share** What do partners already know or do that others could benefit from?	**Stop** What duplication or barrier could we reduce?

• Utilization of flyers/info
• Where are people providing these?
• Biggest ban for buck - buses, board, tic tok, social media
• Utilization of videos
• Identify and communicate trusted sites/places to seek care for resistant / vulnerable populations
• Expand outside of healthcare space
• Finding ways to connect with beneficiaries directly
  ○ Social media, outreach events, news/radios, partnering with community organizations
• Something clear that is easily translated
• Public comment FAQ “how to”
  ○ Sharing more opportunities to engage with
  ○ Template to share
  ○ MPCA comments for coming comments - Natalie to run a session
• More coordinated regular public comment efforts on policies specifically relevant to HR1 Changes
• Single ____ list that orgs with navigators could access
	• How do we make space for CHWs to be at events (what are the places every day people visit/ go to?)
	• Trusted community messengers/leaders are essential / faith leaders - can do more with that
	• Identify individuals that may potentially lose eligibility and ensure navigators can provide guidance on where to seek care
	• Financial assistance programs through health systems, prescription assistance
	• FQHCs - discounted medications, sliding scale payment plans
	• Volunteer opportunities website for Kent County/ West MI specific locations for work requirements
	• What is full time / halftime for different education levels
	• Knowledge and template (w/MTF only) on public comment and customized template
	• Ensuring that organizations with 1:1 navigators are aware of other orgs capacities.
	• List of orgs with 1:1 navigators and capacity
		• Text messaging is not effective right now - lesson learned from Cherry health
		• The swirl, double/triple check information before it goes out to communities.
		• Stop duplicating public comment efforts
		• Public comment, they will share out comments in my area (MPCA)
		• Reinventing wheel - knowing resources within big hospital systems

Work Requirements Resource Page Update Input

Help the Information and Outreach Work Group determine needs for the Work Requirements update on the Enrollment Resources page on the website.

https://forms.cloud.microsoft/g/dQQLJj8Zz8



Michigan Work & Exemption Screening Tool

MI WEST
